March 14, 2018

Dear Mr. Brunner,

The American Society of Civil Engineers (ASCE), Sacramento Section is pleased to announce that the Yuba Goldfields 100-year Interim Flood Control Project has been selected as the 2017 Outstanding Small Project of the Year. This is a tremendous accomplishment for the project team, your organization, and all project proponents.

We would like to honor you, your team, and project proponents at the upcoming Sacramento Section Project Awards Banquet on Thursday, April 12th, 2018 at the Hilton Sacramento Arden West. We will provide a brief introduction to the project, after which point you may take a few minutes to describe your project and express any thanks you choose when accepting your award. A PowerPoint slide backdrop will be displayed when presenting the award which will include photos from the provided nomination, as well as information from the project description provided. If there are alternate photos or project highlights you would prefer, please e-mail Tony Quintrall at Anthony.Quintrall@ghd.com by Friday, March 30th. You are also invited to bring a poster-board display of your project to showcase during the event. Please provide your own easel if you elect to bring and display a poster-board.

The dinner banquet is \$100.00 per person, and reservations are requested by Friday, March 30th. To register, please use the registration link for the Outstanding Project Awards Banquet on the ASCE Sacramento Section website, www.asce-sacto.org. Social hour begins at 5:30 P.M., with the dinner and the evening's program starting at 6:30 P.M.

Full tables are available for the event. In reserving a table, you will receive 9 seats for you and your guests, and generously provide 1 seat for a civil engineering student, Golze Scholarship Winner.

One complementary award plaque will be presented at the banquet and will included the name of the Owner, Engineer of Record company name or Contractor's name as provided on the project nomination form. Additional award plaques are available for purchase by March 19th. Each additional plaque will included a \$100 fee, payable to the ASCE Sacramento Section. You may use the enclosed order form to place your order.

If you should have any questions, please do not hesitate to contact me directly. Once again, congratulations on this prestigious award.

Sincerely,

AMERICAN SOCIETY OF CIVIL ENGINEERS, SACRAMENTO SECTION
