TO: Board of Directors, Three Rivers Levee Improvement Authority

FROM: Beverly J. Barnes, Personnel Director/Risk Manager *Beverly J. Barnes*

DATE: May 16, 2006

RECOMMENDATION: Approve the attached employment agreement among the Three Rivers Levee Improvement Authority, The County of Yuba, and Paul G. Brunner and authorize Chair to execute same.

BACKGROUND: The Three Rivers Levee Improvement Authority was formed in April 2004 and exists to provide for flood control improvements located in the County for constituents in the unincorporated areas of Yuba County, including improvements to the levee system and related drainage improvements. Since its inception, the County Administrative Officer for the County of Yuba has been the Executive Director of the Authority.

DISCUSSION: TRLIA has been very successful in planning and executing their objectives of levee repair work in Yuba County. Current projects are slated to be completed in 2008. Because the current Executive Director, Kent McClain will be retiring in June, and the continued complexity of the projects planned, the authority felt it necessary to establish an Executive Director position that was dedicated to these projects, and not other County business such as the CAO's position requires.

The attached contract is the employment agreement among the Three Rivers Levee Improvement Authority, The County of Yuba, and Paul G. Brunner. Mr. Brunner has over 20 years experience in environmental program management and design and is a registered Civil Engineer. It is our recommendation that this employment agreement be approved, and the Chair authorized to sign the agreement. It is scheduled to be approved by the County of Yuba Board at their scheduled meeting this morning.

Fiscal Impact: Approximately \$12,300 salary and benefits, already included in the budget

**EMPLOYMENT AGREEMENT AMONG THE THREE RIVERS
LEVEE IMPROVEMENT AUTHORITY,
THE COUNTY OF YUBA,

The parties agree that Employee shall be an at-will employee of both the Authority and the County. Employee or the Authority may terminate this employment relationship at any time during the term of this Agreement with or without cause and as described more fully below.

The Authority shall transmit its decision to release Employee to the CAO, who shall immediately take the appropriate measures to remove Employee from his service as the Authority's Executive Director.

- a. In recognition of employee's professional status and integrity, Employee and the Board shall prepare a joint public statement to be made by the Board at the public meeting when the Board action of termination is announced.
- b. Employee shall have the option to resign his office instead of being terminated if an action by the Authority to terminate has been taken in closed session. Employee shall be given a time certain, not less than five working days, by which such resignation in writing shall be

delivered to the Clerk of the Board and, in the event such resignation is timely delivered, the public announcement as provided for in paragraph 5C(a), above, will reflect that Employee has resigned. Such resignation in lieu of termination shall not affect the right to receive payment under this contract as hereinafter set forth.

Cause is defined as failure to perform the duties outlined in section 2 of this agreement. In the event of termination for cause Employee shall have the right to a name clearing public hearing.

TO: Three Rivers Levee Improvement Authority Board
FROM: Brian D. Boxer, Environmental Project Manager
SUBJECT: Consider Contractual Agreement with Jones and Stokes Associates for
CEQA Services

Recommended Action

Approve a contract with Jones and Stokes Associates for preparation of a Negative Declaration on the Yuba County Floodplain Management Ordinance. The work will be performed on a time and materials basis, not to exceed \$19,624.

Discussion

TRLIA is currently anticipates that portions of Yuba County may be designated A-99 on updated FEMA flood insurance maps that may be issued in 2007. The current Yuba County Floodplain Management Ordinance applies to the A-99 zone, but does not provide any specific development policies for the A-99 zone. FEMA requires that local governments adopt development policies specific to the A-99 zone. The revised Floodplain Management Ordinance would be adopted by the Yuba County Board of Supervisors. The adoption of revisions to the County Floodplain Management Ordinance may be subject to the provisions of the California Environmental Quality Act (CEQA), thus Yuba County would serve as the Lead Agency for CEQA. In the opinion of TRLIA staff, the appropriate CEQA document to consider the environmental effects of proposed revisions to the Ordinance is a Negative Declaration. Jones and Stokes Associates has conducted extensive environmental consulting work in the vicinity and for TRLIA, and has provided a proposal to provide the necessary services in a timely and cost-effective manner. It is proposed that TRLIA contract for, and TRLIA staff would oversee, the preparation of the Negative Declaration, on behalf of Yuba County.

Fiscal Impact

The funding for this contract has not been previously accounted for in the project budget, but is within the project funding contingency.

D.5 INDEMNITY. CONSULTANT shall defend, indemnify, and hold harmless TRLIA, its elected and appointed councils, boards, commissions, officers, agents, and employees from any liability for damage or claims for damage for personal injury, including death, as well as for property damage, to the extent damages arise from the willful misconduct or negligent acts or omissions of CONSULTANT in the performance of services rendered under this Agreement by CONSULTANT, or any of CONSULTANT's officers, agents, employees, Consultants, or subconsultants.

D.6 CONSULTANT NOT AGENT. Except as TRLIA may specify in writing, CONSULTANT shall have no authority, express or implied, to act on behalf of TRLIA in any capacity whatsoever as an agent. In the event that TRLIA, in its sole discretion, at any time during the term of this Agreement, desires the removal of any person or persons assigned by CONSULTANT to perform services pursuant to this Agreement, CONSULTANT shall remove any such person immediately upon receiving written notice from TRLIA of its desire for removal of such person or persons.

D.9 STANDARD OF PERFORMANCE. CONSULTANT shall perform all services required pursuant to this Agreement in the manner and according to the standards observed by a competent practitioner of the profession in which CONSULTANT is engaged. All products of whatsoever nature which CONSULTANT delivers to TRLIA pursuant to this Agreement shall be prepared in a workmanlike manner and shall conform to the standards or quality normally observed by a person practicing in CONSULTANT's profession.

For all purposes of compliance by TRLIA with Section 107.6 of the California Revenue and Taxation Code, this recital shall be deemed full compliance by the TRLIA. All questions of initial determination of possessory interest and valuation of such interest, if any, shall be the responsibility of the TRLIA Assessor and the contracting parties hereto. A taxable possessory interest may be created by this contract; and if created, the party in whom such an interest is vested will be subject to the payment of property taxes levied on such an interest.

D.11 TAXES. CONSULTANT hereby grants to the TRLIA the authority to deduct from any payments to CONSULTANT any TRLIA imposed taxes, fines, penalties and related charges which are delinquent at the time such payments under this Agreement are due to CONSULTANT.

D.12.2 TRLIA shall have full ownership and control of all such writings or other communications delivered by CONSULTANT pursuant to this Agreement.

D.12.3 TRLIA shall pay CONSULTANT the reasonable value of services rendered by CONSULTANT to the date of termination pursuant to this Agreement not to exceed the amount documented by CONSULTANT and approved by TRLIA as work accomplished to date; provided, however, TRLIA shall not in any manner be liable for lost profits which might have been made by CONSULTANT had CONSULTANT completed the services required by this Agreement. In this regard, CONSULTANT shall furnish to TRLIA such financial information as in the judgment of the TRLIA is necessary to determine the reasonable value of the services rendered by CONSULTANT. In the event of a dispute as to the reasonable value of the services rendered by CONSULTANT, the decision of the TRLIA shall be final. The foregoing is cumulative and does not affect any right or remedy which TRLIA may have in law or equity.

CONSULTANT may terminate its services under this Agreement upon thirty (30) days written notice to the TRLIA, without liability for damages, if CONSULTANT is not compensated according to the provisions of the Agreement or upon any other material breach of the Agreement by TRLIA.

CONSULTANT shall also abide by the Federal Civil Rights Act of 1964 and all amendments thereto, and all administrative rules and regulations issued pursuant to said Act. CONSULTANT shall give written notice of its obligations under this clause to any labor agreement. CONSULTANT shall include the non-discrimination and compliance provision of this paragraph in all subcontracts to perform work under this Agreement.

D.14 REHABILITATION ACT OF 1973/AMERICANS WITH DISABILITIES ACT OF 1990. In addition to application of the non-discrimination provision of this Agreement, above,

Plumas Lakes Development in A-99 Approval Project CEQA Initial Study/Negative Declaration for Yuba County

Task 1.0. CEQA Phase 1—Initial Study

1.1 Draft Project Description

Jones & Stokes will prepare a project description reflective of the level of detail typically found in an initial study project description. Jones & Stokes staff will work closely with Three River's Levee Improvement Authority's (TRILA) environmental project manager to prepare an accurate and thorough project description. Our current understanding of the project is that Yuba County wishes to approve modifications to the Yuba County Floodplain Management Ordinance that specifies conditions for development in the A-99 flood zone. Although the Plumas Lakes area, Linda, and Olivehurst are currently not mapped within the floodplain, the Federal Emergency Management Agency (FEMA) may designate these areas as A-99 in the near future. To allow development consistent with previously adopted general and specific plans, Yuba County seeks to modify the ordinance pertaining to the requirements of development in A-99 designated areas. The ordinance would be modified to distinguish between an A-99 zone and a designated floodplain zone, which would allow construction in an A-99 zone to proceed without some of the restrictions imposed on development in the 100-year floodplain. Yuba County anticipates that shortly after these areas are designated as A-99, the necessary repairs to the flood control system will result in re-mapping these areas as outside the floodplain. Currently, Yuba County believes an Initial Study/Negative Declaration will fully disclose the environmental impacts of allowing this additional development. The project description will describe the extent of the development, background information, and timing of the proposed approval of the ordinance and associated development in the potential A-99 area.

We assume that the TRILA environmental project manager and the County recognize the controversial nature of allowing additional development within an A-99 zone and that certifying a Negative Declaration or Mitigated Negative Declaration may be legally challenged and an outcome of such a challenge may require preparing an Environmental Impact Report if the Yuba County wishes to move forward with the project.

1.2 Draft Initial Study

Concurrent with Task 1.1, Jones & Stokes will begin preparing the other sections of the initial study. The initial study will include an introduction, environmental setting, and impacts and mitigation measures if significant impacts are identified. We propose that the initial study address each of the topics indicated in the environmental checklist form in the State California Environmental Quality Act (CEQA) Guidelines. The impacts and mitigation chapter will include a discussion of the criteria for determining significance of an impact, impact mechanisms, and the impact assessment. As the analysis is being conducted, Jones & Stokes will keep the environmental project manager informed regarding the status and the conclusions of the impact analysis. We have assumed that the IS will be drafted based on existing data sources and that the analysis will not require an excessive collection effort or new field surveys.

If significant impacts are identified, the project team will propose mitigation to reduce those impacts to a less-than-significant level. We will develop mitigation that can be readily incorporated into a mitigation reporting and monitoring plan.

Our pre-project evaluation suggests that the primary environmental issue associated with the project is temporary increased hazards as a result of flooding, and increases in population.

Deliverables:

- Draft Initial Study (5 copies)

1.3 Yuba County Review—Yuba County review of Draft Initial Study

Comments/Assumptions:

- Assume a one-week review.

1.4 Prepare Initial Study

Under this task, Jones & Stokes will incorporate Yuba County's comments into a final version of the initial study. If necessary, we will meet with Yuba County staff to review the draft initial study and discuss Yuba County comments.

Deliverables:

- Initial Study (25 copies)

Task 2.0. CEQA Phase II—Negative Declaration and Notices

2.1 Prepare Administrative Draft Mitigated Negative Declaration

We have assumed that a mitigated negative declaration will be prepared for the project. The draft negative declaration will include a brief description of the project and proposed findings that the project will not result in a significant impact on the environment.

Deliverables:

- Draft Mitigated Negative Declaration (5 copies)

2.2 Yuba County Review

Yuba County review Draft Mitigated Negative Declaration.

Comments/Assumptions:

- Assume a three day review.

2.3 Prepare Mitigated Negative Declaration

Jones & Stokes will incorporate Yuba County's comments into a mitigated negative declaration.

Deliverables:

- Mitigated Negative Declaration (25 copies)

2.4 File the Notice of Intent

Once the draft is complete, Jones & Stokes will print and distribute copies of the IS to the appropriate parties and file necessary notices with the State Clearinghouse, the Yuba County Clerk, and the local newspaper.

Deliverables:

- Notice of Intent will be published in the Appeal-Democrat newspaper for a cost of approximately \$525.

2.5 30-Day Public Review

Public review period for Agency review and other interested parties.

2.6 Review Comments

Jones & Stokes will assist Yuba County in reviewing and considering agency and public comments on the Negative Declaration. Jones & Stokes will assist in preparing the administrative record on how agency and public comments were considered by the Yuba County.

Deliverables:

Comment responses prepared for administrative record.

2.7 Negative Declaration adopted by Yuba County Supervisors

After public comments are addressed, Yuba County Supervisors will adopt the Negative Declaration.

2.8 File Notice of Determination

Jones & Stokes will file the Notice of Determination with the State Clearinghouse and the County Clerk. Jones & Stokes will also file the required filing fee of \$25 for the County and the required review fee of \$1,250 for the Department of Fish and Game.

2.9 Prepare Mitigation Reporting and Monitoring Plan

Yuba County must prepare and adopt a mitigation reporting and monitoring plan within two months of adopting the negative declaration. The mitigation reporting and monitoring plan will describe the mitigation measures, how the measures will be implemented, who will be responsible for implementing the measures, and performance standards.

Deliverables:

Mitigation Reporting and Monitoring Plan (5 copies)

Comments and Assumptions:

We assume that the mitigation reporting and monitoring plan would be prepared based on final mitigation adopted in the negative declaration, however, the proposed plan could be included in the review draft of the initial study at Yuba County's discretion.

TO: Three Rivers Levee Improvement Authority Board
FROM: Ric Reinhardt, Program Manager *Ric Reinhardt*
SUBJECT: Consider Contractual Agreement with Bender Rosenthal, Inc. for TRLIA
Phase 4 Feather River Right of Way Acquisition

Recommended Action

Approve an amendment to the existing contract with Bender Rosenthal, Inc. (BRI) for the TRLIA Phase 4 - Feather River Right of Way Acquisition. The specific contract terms are detailed in the attached document (i.e., the contract document).

Discussion

The Phase 4 Feather River section of the TRLIA project comprises the east bank levee of the Feather River from the Bear River setback levee to the Yuba River (Approximately 13.6 miles). A problem identification study recently completed by Kleinfelder, under contract to TRLIA, confirmed inadequacies in certain reaches of the levee. Current contract efforts are evaluating the feasibility of a setback levee from project levee mile (PLM) 17.1 to 23.6. Current efforts are also completing an Environmental Impact Report for the entire Feather Phase 4 reach. The decision has already been made to strengthen in place the remainder of the Feather levee. These portions are Levee Mile 13.3 to 17.1 and 23.6 to 26.1, a total of 6.3 miles of levee. It is proposed to construct the strengthen in place portion of the levee in 2007. The Board has already approved a contract with GFI for design and preparation of contract documents for remediation of these sections of levee. Adequate right of way (ROW) will have to be acquired to construct the designed remediation. This effort with BRI is to accomplish all ROW planning and management, appraisals, acquisition, relocation assistance, and condemnation support for acquisition of ROW identified for the strengthen in place portions of the Feather River. Additional ROW acquisition will be required in the reach of the possible Feather River setback levee once the decision is made on the remediation measure to implement in that reach. That future ROW effort is not included in the scope of this contract amendment.

Fiscal Impact

The contract amendment would increase the existing contract by \$469,303 for services on a time-and-expenses basis, to a maximum amount not exceeding \$1,717,181 without prior authorization by TRLIA. The Reclamation Board adopted a resolution at their April 21 Board meeting that lifted the building permit restriction. Approval of this resolution has provided an additional level of assurance that the Phase 4 finance plan will be implemented in June/July of this year. The BRI contract amendment is a time and materials contract that can be terminated without penalty. The exposure for work to be completed through July is estimated at \$80,000.

TO: Three Rivers Levee Improvement Authority
FROM: Randy Margo, Deputy Executive Director *Randy Margo*
SUBJECT: Consider Approval of Levee Funding Agreement with Dunmore Homes

Recommended Action

Approve attached levee funding agreement between the Three Rivers Levee Improvement Authority (TRLIA) and Dunmore Orchard LLC.

Reason for Recommendation

The Dunmore development is located in East Linda and within the 200-year flood plain zone, as determined by a hydraulic analysis from MBK Engineers. Consequently, the development benefits from levee improvements currently being made on the Yuba River. As a result, Dunmore Orchard LLC has agreed to fund a negotiated levee fee of \$2,950 per housing unit.

Background

County staff and consultants have been developing an impact fee program to assist in financing levee improvements within the southwest area of Yuba County. Since the additional work needed on the levees along with the cost for these improvements (commonly referred to as Phase 4) have just recently been identified, some developers in this area have previously obtained approved tentative maps that do not have any conditions requiring the payment of impact fees. Dunmore Orchard LLC is a developer that has an approved tentative map without a condition to pay a levee impact fee or annex into a levee community facility district. Consequently, County and TRLIA staff members have been meeting with representatives of Dunmore Orchard LLC to discuss a mutually beneficial approach to financing levee improvements that will benefit property owners occupying the homes in this area.

Discussion

The attached agreement stipulates that Dunmore Orchard LLC will pay funds to TRLIA for its Levee Improvement Program to satisfy any fees that would otherwise be required from the developer for the Program. In addition, the developer will not be required to

join the Community Facilities District anticipated to fund the Levee Improvement Program. Furthermore, TRLIA, the County of Yuba, and Dunmore Orchard LLC acknowledge that the funds to be collected under this Agreement may be more or less than would be collected under the Levee Improvement Impact Fee.

Under the terms of the agreement, Dunmore Orchard LLC agrees to pay TRLIA the sum of \$2,950 per housing unit, which shall be used by TRLIA solely for the purposes of the Levee Improvement Program. The developer shall provide funding to TRLIA as follows:

1. For Tract 6, Dunmore Orchard LLC shall pay \$2,950 each for 121 units (for a total of \$356,950) at recordation of final map.
2. For Tract 7, Dunmore Orchard LLC shall pay \$2,950 each for 81 units (for a total of \$238,950) at recordation of final map.
3. For Tract 8, Dunmore Orchard LLC shall pay \$2,950 each for each unit at recordation of final map (total estimated number of 47 units).

In consideration of the funding provided under this agreement, TRLIA and the County of Yuba agree that the development will not be included in any Community Facilities District (CFD) or other financing vehicle created by TRLIA. In addition, TRLIA and the County of Yuba agree that any levee impact fee adopted by either agency will not apply to this development.

Dunmore Orchard LLC does agree to support the creation of any necessary legal structure to fund the maintenance of the levees, so long as the initial costs per housing unit per year does not exceed \$100 and any future annual Consumer Price Index increases.

This agreement does not obligate the County to provide any or all necessary discretionary approvals for the developer to build this development. However, the County agrees that its staff will work to expedite the processing of issuance of bonds for County of Yuba CFD No. 2005-1.

Fiscal Impact

Approval of this agreement will result in an aggregate amount for the Levee Improvement Program of approximately \$734,550.

**LEVEE FUNDING AGREEMENT
REGARDING THE ORCHARD
WITH DUNMORE ORCHARD, LLC**

THIS LEVEE FUNDING AGREEMENT (the "**Agreement**") dated May 2, 2006 for convenience, is entered into by and between the COUNTY OF YUBA, a political subdivision of the State of California (the "**County**"), the THREE RIVERS LEVEE IMPROVEMENT AUTHORITY, a joint powers authority providing levee improvements in southern Yuba County (the "**TRLIA**"), and Dunmore Orchard, LLC, a California Limited Liability Company ("**Developer**"), with respect to the following facts:

RECITALS:

A. Along with other companies, Developer is developing a residential subdivision commonly known as The Dunmore Orchard (the "**Development**"). The Development is described in Exhibit A-1 and shown on Exhibit A-2, which are attached hereto and made a part hereof. The Development is intended to be developed with approximately 249 single family dwelling units by the Developer.

B. TRLIA is currently in the process of designing and installing capital improvements to the overall levee system for southern Yuba County ("**Levee Improvement Program**"), which improvements TRLIA believes will benefit the Development and other property within the County. TRLIA has completed Phase 1 of the Levee Improvement Program and is in the process of completing construction of Phases 2 and 3 thereof. As the next step in this program, TRLIA will soon begin the design for Phase 4, which Phase 4 improvements, along with Phase 1 and 2 improvements, TRLIA believes will benefit the Development. TRLIA, in cooperation with County, is in the process of developing a funding source to fund the design and implementation of the remainder of the Levee Improvement Program. Funding for Phase 4 of the Levee Improvement Program will likely include adoption by the County of a Levee Improvement Impact Fee.

C. Developer is willing to pay funds to TRLIA for its Levee Improvement Program, as satisfaction of any fees that would be otherwise required from Developer for the Levee Improvement Program, and without need for Developer to join the Community Facilities District that will be formed to fund the Levee Improvement Program. The Parties acknowledge that the funds to be collected under this Agreement may be more or less than would be collected under the Levee Improvement Impact Fee.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises and covenants set forth herein, the parties hereto agree as follows:

1. Recitals. Each of the above recitals is incorporated herein and is true and correct.

2. Advance Funding for Levee Program.

(a) Consistent with the schedule contained in subsection (b) of this Section, Developer shall provide to TRLIA the sum of \$2,950 per unit for the Development, which funds shall be used by TRLIA solely for the purposes of the Levee Improvement Program.

(b) Developer shall provide funding to TRLIA as follows:

(i) For Tract 6, Dunmore Orchard, LLC shall pay \$2,950 each for 121 units (for a total of \$356,950) at recordation of final map.

(ii) For Tract 7, Dunmore Orchard, LLC shall pay \$2,950 each for 81 units (for a total of \$238,950) at recordation of final map.

(iii) For Tract 8, Dunmore Orchard, LLC shall pay \$2,950 each for each unit at recordation of final map (total estimated number of 47 units).

3. Satisfaction of Levee Funding Obligation. In consideration of the funding provided under this Agreement, County and TRLIA agree that the Development will not be included in any Community Facilities District or other financing vehicle created by TRLIA or County for purposes of funding the Levee Improvement Program. County and TRLIA further agree that any levee impact fee adopted by the County or TRLIA to fund the Levee Improvement Program will not apply to the Development. Notwithstanding the previous two sentences, the Developer agrees, as to any units controlled by it, to not protest inclusion in a district, improvement area, or other legal structure designed to fund ongoing levee maintenance on the facilities constructed and improved under the Levee Improvement program. Developer agrees to support the creation of any necessary legal structure to fund such maintenance so long as the initial cost per unit per year does not exceed \$100 and any increases are relative to the Consumer Price Index. Developer understands that County staff intends to recommend that similarly situated developers will also be required to fund levee maintenance.

4. No Reimbursement. Developer acknowledges that no reimbursement of any portion of the amount advanced hereunder shall be due or payable to Developer from the County or TRLIA (i) whether or not a levee impact fee is adopted, or (ii) whether an adopted levee impact fee is less than the amount funded under this Agreement.

5. Notwithstanding the acceptance of the funding by County and TRLIA, this Agreement does not obligate the County to provide any or all necessary discretionary approvals for Developer to build the Development; nor may the County use the fact that the Development is not included in a Community Facilities District or other financing vehicle for levee improvements to deny any or all necessary discretionary approvals for Developer. However, County agrees that its staff will work to expedite the processing of issuance of bonds for County of Yuba CFD No. 2005-1.

6. Notices. Any notice to be provided pursuant to this Agreement shall be delivered to the following addresses:

Each party may change its address for delivery of notice by delivering written notice of such change of address to the other party.

7. Assignment. Developer may not assign any rights or interests in this Agreement except as all or a portion of the Development is sold.

8. Severability. Each provision of this Agreement is intended to be severable. If any term or provision hereof is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the legality or validity of the remainder of the Agreement, so long as the provisions determined to be illegal or invalid do not materially alter the essential terms of this Agreement.

9. Entire Agreement. This Agreement (including all Exhibits attached hereto) is the final expression of, and contains the entire agreement between, the parties with respect to the subject matter hereof and supersedes all prior understandings with respect thereto. This Agreement may not be amended or terminated except by written instrument signed by the parties.

10. Attorney Fees. In the event any action is initiated by either party seeking to enforce any of the terms or provisions of this Agreement, the prevailing party in such action shall be entitled to an award of its reasonable attorneys' fees and costs from the other party hereto.

11. Governing Law. This Agreement and any dispute arising hereunder shall be governed by and interpreted in accordance with the laws of the State of California.

12. No Third Party Beneficiaries. No person or entity shall be deemed to be a third party beneficiary hereof, and nothing in this Agreement (either express or implied) is intended to confer upon any person or entity, other than the County, TRIJA, and the Developer, any rights, remedies, obligations or liabilities under or by reason of this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement on the day and year first above written.

TO: Three Rivers Levee Improvement Authority Board
FROM: Ric Reinhardt, Program Manager *RR*
SUBJECT: Ratify Agreement with Kleinfelder for Geotechnical Exploration Services

Recommended Action

Ratify work accomplished by Kleinfelder for Geotechnical Exploration Services. The specific scope of the explorations is detailed in the attached document (i.e., the scope of work). Amount of this effort did not exceed \$10,000.

Discussion

Design of the Yuba River Levee remediation between the UPRR and Simpson Lane requires raising of the levee. In one area of this levee raise, wood chips have been placed on the water side of the levee and these chips obscure the levee slope. The water side slope of the levee needed delineation so that the most efficient and effective way to raise the levee could be determined. This is the reach of levee work that is being accelerated for construction this summer. This delineation had to be done quickly so that construction of this reach this summer was not jeopardized. An effective boring program was outlined and accomplished by Kleinfelder that allows the designers to determine the location of the water side levee slope in this reach and also gives some indication if hazardous materials are evident in the wood chips.

Fiscal Impact

The price for this exploration effort did not exceed \$10,000.

DATE: May 16, 2006
TO: BOARD of DIRECTORS
FROM: 
Charles K. McClain, Executive Director
SUBJECT: Second Implementation Agreement; Permit No. 17782

Recommended Action

Recommend approval of the attached "Second Implementation Agreement In Regard To State Reclamation Board Permit No. 17782" with any conforming and clarifying changes required after review and approval of the Agreement by the State Reclamation Board.

Background

The Three Rivers Levee Improvement Authority has previously executed an Implementation Agreement which laid out the TRLLA's, RD 784's, and the County's agreement to the terms negotiated with the State Reclamation Board in regard to existing limits on building within the Plumas Lake Specific Plan and the North Arboga Study Area. TRLLA has presented testimony to the State Reclamation Board that the limitation on the ability to issue building permits in 2006 is hindering its ability to implement a financing plan for Phase 4 Work, resulting in a delay of the flood control improvements required to provide 200 year protection to the lands within RD 784.

At its April 21, 2006 meeting, the State Reclamation Board approved a resolution by which the Reclamation Board expressed its intent to allow the building permit limitation for 2006 to be lifted under certain circumstances, thus allowing for the acceleration of certain Phase 4 Work and the completion of the Levee Improvement Program to achieve 200 year protection for the lands within RD 784 by 2008. The attached agreement is the vehicle to agree to the certain conditions proposed to and accepted by the State Reclamation Board, thus allowing for the lifting of the building permit limitation for 2006

Discussion

The attached Agreement would be a three way contract between Three Rivers, the County, and Reclamation District 784. The State Reclamation Board would be a third party beneficiary of this Agreement with rights of enforcement. The landowners would not be parties to this Agreement as all landowners obligations would be contained in the Phase 4 Funding Agreement being developed. Under this Second Implementation Agreement, there are two major categories of obligations: those of TRLLA and those of the County:

TRLIA

In the Agreement, TRLIA commits to continue to use reasonable diligence to complete the Phase 4 Yuba Acceleration Work in 2006 and all elements of the Levee Improvement Program by 2008.

County

In the Agreement, County commits to continue to use reasonable diligence to inform residents within RD 784 of the risk of flooding and to further refine and improve the County's Evacuation Plan and Prehazard Mitigation Plan. County also agrees to limit the issuance of new final maps and building permits if the landowners default on their commitment to fund the \$135 million for levee improvements. While this is a distasteful obligation, it does constitute a lifting of the previously imposed more onerous requirement. County also agrees to implement any ordinance or resolutions required to implement the terms of this Agreement. Finally, County agrees that the building permit limitation will not be lifted until the Phase 4 Funding Agreement is executed.

Indemnity

This Agreement does include an indemnity provision. This indemnity provision is identical to the last one approved, both in language and scope (in other words, it does not commit TRLIA, County, or RD 784 to anything not already committed to).

The State Reclamation Board will be considering this Agreement at its May 19th meeting. Because the Reclamation Board may request changes to the Agreement at that meeting, it is requested that any approval by this Board be subject to conforming and clarifying changes to conform the Agreement to the final version approved by the State Reclamation Board.

Fiscal Impact

This Agreement results in no additional costs and clears the way for increased revenues into the TRLIA program as a result of the Phase 4 Funding Program.

**SECOND IMPLEMENTATION AGREEMENT
IN REGARD TO
STATE RECLAMATION BOARD PERMIT NO. 17782**

This Second Implementation Agreement ("Agreement"), dated for convenience this th day of May, 2006, is by and among the County of Yuba ("County"), the Three Rivers Levee Improvement Authority ("TRLIA"), and Reclamation District 784 ("RD 784").

1. **Definitions.** As used in this Agreement, the following terms shall have the following meanings:

a. **"Affected Area"** shall mean certain lands located within the Plumas Lake Specific Plan and the North Arboga Study Area, all as illustrated on Exhibit A, attached hereto and made a part hereof. As to any lands not included within the Affected Area, this Agreement shall have limited force and effect, as described herein.

b. **"Levee Improvement Program"** means the phase 1 work constructed by TRLIA in 2004, Phase 2 Work, Phase 3 Work, and Phase 4 Work, including all associated legal, environmental mitigation and restoration, land acquisition, and engineering support efforts.

c. **"Landowners"** shall mean those persons or entities holding an interest in lands within the Affected Area seeking building permits for use on those lands within the Affected Area, prior to completion of the Phase 4 Work.

d. **"Parties"** shall refer to all signatories to this Agreement.

e. **"Party"** shall refer to one signatory to this Agreement.

f. **"Phase 2 Work"** shall mean improvements to the existing levees along portions of the Western Pacific Interceptor Canal from station 0+00 to 332+50 and the right bank of the Bear River from station 130+00 to 169+00, and the construction of a landside seepage berm along the left (south) levee of the Yuba River from Highway 70 to the UPRR.

g. **"Phase 3 Work"** shall mean construction of the Setback levee on Bear River from approximately one mile north of Bear and Feather Rivers confluence to a point approximately two miles along the Bear River, including degradation of the remaining unimproved Bear River Levee.

h. **"Phase 4 Work"** shall mean work on the Feather and Yuba River Levees including Phase 4 Yuba Work and Phase 4 Feather Work.

i. **"Phase 4 Yuba Acceleration Work"** shall mean improvements to the existing left (south) Yuba River levee from the UPRR to Simpson Lane.

j. "Phase 4 Yuba Work" shall mean improvements to the existing left (south) Yuba River levee upstream of the UPRR, including Phase 4 Acceleration Work.

k. "Phase 4 Feather Work" shall mean improvements to the existing left (east) Feather River levee from the Bear River Setback levee to the Yuba River and may include a possible Feather Setback levee from Star Bend to Murphy Road.

l. "Potential Failure" shall mean either a failure to implement the financing program identified in section 4 below, or an inability by TRLIA, the County, and the Landowners to provide funding for the Levee Improvement Program consistent with the Cash Flow Schedule contained in Exhibit B (contained herein and hereby made a part hereof).

m. "UPRR" shall mean the Union Pacific Railroad, equivalent to Yuba River Project Levee Mile 0.92.

2. **Recitals.** This Agreement is made in regard to the following facts:

a. The County is a political subdivision of the State of California with planning and zoning authority over the Affected Area.

b. RD 784 is a Reclamation District formed under Water Code sections 50000 *et seq.* with certain responsibilities to maintain levees which provide some protection from flood for the Affected Area.

c. TRLIA is a Joint Powers Agency created by the County and RD 784 on April 6, 2004 with the purpose of assisting in providing improvements to the levee system located in the County and related to drainage improvements, and for other purposes.

d. Landowners hold interests in land within the Affected Area with various land use entitlement at various stages.

e. On September 23, 2004, TRLIA submitted to the State Reclamation Board ("Board") an amended application for Permit No. 17782, which permit would authorize improvements to the existing Project Levees along portions of the Western Pacific Interceptor Canal (from station 0+00 to 332+50) and the right bank of the Bear River (from station 130+00 to 169+00), and which would also authorize the construction of a new setback levee along portions of the right bank of the Bear River (from station 131+00 to a point approximately one mile north of the confluence of the Bear and Feather Rivers) and other work.

f. At its December 17, 2004 meeting, the Board issued Permit No. 17782 with Special Condition 13 that stated:

This permit is not valid until the public safety issue regarding the continued increase in human habitation in an area with known flood risk has been resolved to the satisfaction of the Board.

g. To provide assistance to TRLIA in determining what was required to achieve Board satisfaction pursuant to Special Condition 13, the Board created an Ad Hoc Committee

which met with TRLIA during seven public sessions. Throughout the two month period during which these sessions took place, TRLIA also held a series of meetings with the Landowners to assure that Landowner interests were represented in any proposals that might be presented to satisfy the Board. During these meetings with Landowner representatives, TRLIA and the Landowners were able to formulate a proposal which, on February 18, 2005, a majority of the Board agreed satisfied condition 13.

h. On February 22, 2005, the County adopted Ordinance No. 1340 (entitled "Interim Ordinance of the County of Yuba Controlling Issuance of Building Permits in the Plumas Lake Specific Plan Area and North Arboga Study Area and Directing Conditions of All New Tentative Maps in the Plumas Lake Specific Plan and North Arboga Study Area") to begin implementation of the proposal approved by the Board on February 18, 2005. As required by the Ordinance, the Ordinance was published in the Marysville Appeal-Democrat on March 4, 2005. Minor amendments, to conform Ordinance No. 1340 to the proposal made to and accepted by the Board, were made to Ordinance No. 1340 by the County on March 15, 2005 pursuant to Ordinance No. 1343.

i. In April of 2005, Yuba County, TRLIA, RD 784, and a number of other parties including certain holders of interest in land within the Affected Area, executed the Implementation Agreement in regard to State Reclamation Board Permit No. 17782 and County of Yuba Ordinance Nos. 1340 and 1343 ("Implementation Agreement"). While the State Reclamation Board was not a party to the Implementation Agreement, it was an express third party beneficiary of certain provisions of the Implementation Agreement.

j. By its terms, the Implementation Agreement obligated Yuba County and the landowner parties to limit the issuance of building permits within the Affected Area during 2005 and 2006 until such time as TRLIA completed Phase 2 Work and Phase 3 Work and presented certain information to the State Reclamation Board regarding Phase 4 Work.

k. TRLIA has presented testimony to the State Reclamation Board that the limitation on the ability to issue building permits in 2006 is hindering its ability to implement a financing plan for Phase 4 Work, resulting in a delay of the flood control improvements required to provide 200 year protection to the lands within RD 784.

l. At its April 21, 2006 meeting, the State Reclamation Board adopted Resolution No. 2006-____, by which the State Reclamation Board expressed its intent to allow the building permit limitation for 2006 to be lifted under certain circumstances, thus allowing for the acceleration of certain Phase 4 Work and the completion of the Levee Improvement Program to achieve 200 year protection for the lands within RD 784 by 2008.

m. The Parties now desire to enter into this Agreement to agree to the certain conditions proposed to and accepted by the State Reclamation Board, thus allowing for the lifting of the building permit limitation for 2006.

NOW, THEREFORE, in consideration of the mutual promises herein made, the Parties agree as follows:

3. **Limits on Granting of Building Permits in the Affected Area.**

a. **Building Permits for 2006 and Beyond.** Upon satisfaction of the conditions specified in Section 3(e) below, and except as provided in Section 3(c) below, the building permit limitation for 2006 imposed by the Implementation Agreement shall no longer be binding upon the Parties or the Landowners.

b. **Notice of Potential Failure to Finance Program.** In the event of a Potential Failure, TRLIA shall take the following step to remedy the Potential Failure and to inform the State Reclamation Board of the possibility of the Potential Failure:

(1) Within 14 days after identification of a Potential Failure, TRLIA shall provide written notice to the State Reclamation Board of the Potential Failure. This notice shall include a description of the Potential Failure and an assessment of the potential impact of the Potential Failure, if not remedied, upon the completion schedule for the Levee Improvement Program.

(2) After notice is provided to the State Reclamation Board, TRLIA and the Landowners shall have 30 days in which to prepare and present a plan for corrective action. The plan shall be presented to the State Reclamation Board staff and/or the Three Rivers Subcommittee of the State Reclamation Board, at the election of the State Reclamation Board.

(3) The State Reclamation Board Staff and/or Subcommittee may consider the plan and forward the plan to the entire Reclamation Board at its next regularly scheduled meeting for consideration.

c. **Curative Actions to Address Potential Failure.** In the event of a Potential Failure, and after receipt and consideration of the plan developed pursuant to section 3(b)(2) above, the State Reclamation Board may request the following escalating levels of curative action to address the Potential Failure:

(1) Level 1: Continue to monitor and consider action at future date.

(2) Level 2: Require implementation of presented plan.

(3) Level 3: Notify TRLIA and the County to stop recording final maps in the Affected Area.

(4) Level 4: Notify TRLIA and the County to stop the issuance of building permits in the Affected Area.

d. **Implementation of Curative Actions.** Upon request by the State Reclamation Board pursuant to Section 3(c) above, TRLIA and the County shall take all necessary steps to implement the curative action requested by the State Reclamation Board. In addition to the steps to be taken pursuant to the previous sentence, the County may implement any of the curative actions identified under Section 3(c) above in order to address a Potential Failure, even if not so requested by the State Reclamation Board.

e. **Conditions for the Lifting of the 2006 Building Permit Limitations.** The building permit limitation for 2006 shall be lifted upon satisfaction of all of the following conditions:

- (1) Execution of this Second Implementation Agreement by County, TRLIA, and RD 784 and approval of this Second Implementation Agreement by the State Reclamation Board;
- (2) Execution of the Phase 4 Funding Agreement, as described by section 4 below, by the County, TRLIA, RD 784, and the number of Landowners sufficient to raise the required \$135 million;
- (3) The placement of the first call amount of \$20 million in an escrow account for use for Phase 4 Yuba Acceleration Work; and
- (4) Adoption by County of any ordinances or resolutions necessary to effectuate the commitments made by the County in this Agreement and in the Phase 4 Funding Agreement (described in Section 4 below), including without limitation the requirement that Landowners provide, at no cost to all new residents in the Affected Area, flood insurance through the completion of the Levee Improvement Program or 2010 (whichever occurs first).

4. **Financing Program.**

a. **Development of Funding Agreement.** In order to assure the necessary and timely funding of all construction required for Phase 4 Work, along with unexpected costs associated with Phase 2 Work and Phase 3 Work, the Landowners agree that as a condition of the lifting of the building permit limitation currently in effect for 2006, the Landowners will enter into an Agreement for Phase 4 Funding and Reimbursement of Costs for Levee Improvements ("Phase 4 Funding Agreement") which will require the Landowners to pay certain costs for the Levee Improvement Program as identified in Exhibit B.

b. **Elements of the Funding Agreement.** The Phase 4 Funding Agreement shall include the following elements:

- (1) It shall ensure that, consistent with Exhibit B, funding is available from the Landowners in the amount needed for the Phase 4 Work, including unexpected costs for Phase 2 Work and Phase 3 Work. The Parties shall operate using the Cash Flow Schedule contained in Exhibit B unless a revised Cash Flow Schedule with new call dates is adopted by TRLIA;
- (2) A commitment by the Landowners to provide, at no cost to all new residents in the Affected Area, flood insurance through the completion of the Levee Improvement Program or 2010 (whichever occurs first); and
- (3) Inclusion of the following waiver and release provision:

As a condition of this Agreement, all Landowners release, waive, and abandon any and all claims, demands, rights, causes of action, and

proceedings, they may now or hereafter have against the County, TRLIA, and RD 784, or their agents, officers, and employees, to attack, set aside, void or annul implementation of this Agreement or Ordinance Nos. _____, as they may be amended. Each of the Landowners has been advised by counsel regarding, and hereby expressly waives, any protection or benefit provided by California Civil Code section 1542, which provides:

A general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the release, which if known by him or her must have materially affected his or her settlement with the debtor.

5. **Additional Commitments by County and TRLIA.**

a. TRLIA commits to continue to use reasonable diligence to complete the Phase 4 Yuba Acceleration Work in 2006 and all elements of the Levee Improvement Program by 2008.

b. County commits to continue to use reasonable diligence to inform residents within RD 784 of the risk of flooding and to further refine and improve the County's Evacuation Plan and Prehazard Mitigation Plan.

6. **Hold Harmless and Waiver/Release.** The County, TRLIA, and RD 784 agree jointly and severally to defend, indemnify and hold the State of California, including its agencies, departments, boards, and commissions, and their respective officers, agents, employees, successors and assigns, safe and harmless of and from all claims and damages arising out of the Project, and to discharge this obligation to the extent allowed by law. For purposes of this section, "Project" shall mean the levees from Station 130+00 to Station 169+00 on the right bank of the Bear River, from Station 0+00 to 332-50 on the right bank of WPIC, and a new backup levee approximately 2 miles in length from approximately Station 131+00 on the Bear River to the Feather River levee approximately 1 mile north of the confluence with the Bear River, all as modified pursuant to Permit No. 17782, and any other areas where work is performed under Reclamation Board Permit No. 17782. Work performed by TRLIA on these levees shall be deemed part of the Project, even if not authorized by the Permit. This section shall not preclude the County, TRLIA, and RD 784 from contracting to apportion indemnity and the responsibility to defend amongst themselves, but such apportionment shall not limit the rights of the State of California to full defense and indemnification from these three Parties.

7. **Successors and Assigns; Recordation.**

a. **Successors and Assigns.** The provisions of this Agreement shall apply to, be binding upon, and inure to the benefit of, all assigns of the Parties.

b. **Recordation.** The Parties agree to cooperate in the recording of any release required to address the lifting of the building permit limitation on Landowners.

8. **Third Party Beneficiaries.** This Agreement is not intended to, and shall not be

construed to, create any right on the part of a third party to bring an action to enforce any of the terms of this Agreement except that the Board shall be a third party beneficiary of Sections 3 and 4 of this Agreement, and in regard to those sections shall have all rights of a third party beneficiary.

9. **Standard Provisions.**

a. **Governing Law and Venue.** This Agreement shall be governed by the laws of the State of California, without regard to conflicts of laws principles. Any action to compel arbitration or to enforce the arbitrator's decision shall be venued in Sacramento Superior Court.

b. **Arbitration.** All disputes arising out of this Agreement shall be submitted to final and binding arbitration. A Party seeking to arbitrate a dispute arising out of this Agreement must notify the other Parties to the dispute in writing of its intent to arbitrate any claim for breach or enforcement of any provision of this Agreement within 30 days of discovery of the last event giving rise to the claim for breach or enforcement. Any such timely and properly noticed claim for breach or enforcement of any provision of this Agreement shall be submitted to binding arbitration through the American Arbitration Association in accordance with the National Rules for Commercial Disputes. The costs of the arbitration shall be split between the disputing parties. At the conclusion of the arbitration, the arbitrator may award the prevailing Party some or all of the arbitration costs, but no attorneys' fees incurred in connection with the arbitration shall be awarded. The decision of the arbitrator shall be final and conclusive, and the Parties waive the right to a trial de novo or appeal excepting only for the purpose of enforcing the arbitrator's decision.

c. **Entire Agreement; Amendment.** This Agreement constitutes the entire agreement between the Parties with respect to its subject matter and supersedes all prior and contemporaneous agreements and understandings of the Parties regarding the subject matter hereof. This Agreement may not be amended except by the mutual written consent of all of the Parties.

a. **Waiver.** Any provision of this Agreement may be waived at any time by the Party entitled to the benefit thereof, but only by a writing signed by such Party stating that it waives such provision. No waiver of any of the provisions of this Agreement shall constitute a waiver of any other provision nor shall any waiver constitute a continuing waiver.

b. **Severability.** If any provision of this Agreement is held invalid or unenforceable, the other provisions of this Agreement shall remain in full force and effect provided that the severance of the invalid or unenforceable provisions does not result in a material failure of consideration under this Agreement to any party hereto.

c. **Headings.** The headings of this Agreement are included for convenience only and shall not affect the construction or interpretation of the Agreement.

d. **Counterparts.** This Agreement may be executed in one or more counterparts, including facsimile, each of which shall be deemed to be an original and all of which, when taken together, shall be deemed to constitute one and the same instrument.

e. **Authority.** The undersigned certify that they are fully authorized by the Party or Parties whom they represent to enter into the terms and conditions of this Agreement and able to legally bind such Party or Parties hereto.

f. **Interpretation.** This Agreement shall be deemed to have been prepared equally by all of the Parties, and the Agreement and its individual provisions shall not be construed or interpreted more favorably for any one Party on the basis that another Party prepared it.

g. **Notices.** All notices and other communications under this Agreement shall be in writing and shall be deemed to have been duly given (1) on the date delivered by hand; (2) the next business day following the date sent by overnight delivery service or sent by facsimile; or (3) on the third day after mailing if deposited in the U.S. mail.
