Doug Handen, Construction Manager
SUBJECT: Contract No. PH4-2007-08-02
Phase 4 Feather River Levee Setback Project (Segment 2)
Schedule "A" Only- Award of Contract

Recommended Action:

Award to **Teichert Construction** a contract for Schedule A of the Feather River Levee Setback Project (Segment 2). The value of this contract shall be **\$ 67,200.00**. Authorize the chairman to sign once general counsel has reviewed and approved the contract and authorize the executive director to take the necessary actions to implement the contract.

Discussion:

TRLIA accepted bids for the Feather River Levee Setback Project October 12, 2007. The bid documents for this project include bid schedules A through E as approved by the TRLIA Board on August 14, 2007. The bid schedules for this project are as follows:

- Bid Schedule A- Contractor Compensation for Pre-Construction Activities
- Bid Schedule B- Levee Foundation
- Bid Schedule C- Levee and Pump Station Construction
- Bid Schedule D- Degradation of Existing Levee
- Bid Schedule E- Misc. Indefinite Quantity/Indefinite Delivery Pricing

The Bid Documents describe that the low bidder for the project would be based on the sum of Schedules A, B, and C (The Base Bid) plus Bid Schedule E items of work identified by TRLIA. A summary of the Bid Results is attached (Attachment 1).

The Bid Documents allow for TRLIA to award only Schedule A of the bid at this time. The purpose for designing the bid documents to allow for this partial award of the project is to provide for the Contractor's early involvement in the project. The Construction documents for this project are approximately 60% complete at this time. The Contractor's early participation

should serve to provide for a greater likelihood of obtaining Value Engineering and improve communication and scheduling related to this project.

TRLIA anticipates awarding Schedules B and C to Teichert Construction pending financing, real estate acquisition, permitting, and a successful negotiation of any costs associated with design changes. The bid documents included the following "tentative" award dates:

Award Bid Schedule A- October 23, 2007

Award Bid Schedule B- March 3, 2008

Award Bid Schedule C- April 14, 2008

TRLIA reserves the right to award Schedule D as a TRLIA option. TRLIA is aware of the concern that the construction documents are incomplete and final pricing of the project is subject to cost increases based on the final design. The bid documents include Schedule E which provides competitive unit pricing for items not currently included in the design. These items may be directly used for price negotiation or used as a reference for price comparison for "new" items. TRLIA reserves the right to deny award of the additional schedules of work in the event that TRLIA and the Contractor cannot agree on the final contract pricing, in which case the project would be re-bid based on the final design.

This recommendation action is for the award of Schedule "A" only based on the low bid for the total of Schedules A, B, and C (The Base Bid). TRLIA did not identify, at this time, any of the Schedule E bid items.

Fiscal Impact:

The contract amount of \$ 67,200, for Schedule A, shall be paid on a T&M basis based on the unit prices included in the bid. TRLIA currently has sufficient funds to pay for this effort.
