February 21, 2014

Kelly Fucciolo, Chief  
Early Implementation Program  
Department of Water Resources  
3464 El Camino Avenue, Suite 200  
Sacramento, CA 95821-9000

Subject: Feather River Levee Improvement Project (Feather) (Agreements No. 4600008049), and Upper Yuba Levee Improvement Project (UYLIP) (Agreement No. 4600008654) Early Implementation Program (EIP) Flood Safety Plan

Dear Ms. Fucciolo:

Both the Feather and UYLIP DEIP funding agreements require that funding recipient prepare a Flood Safety Plan, Paragraph 23 of both agreements. Attached are two hard copies of the Flood Safety Plan prepared with the assistance of Reclamation District (RD) 784 for the RD 784 levee protected area. This plan was prepared using a template provided by the California Department of Water Resources to ensure that the plan would be consistent with the requirements for such plans as codified in California Water Code § 9650(b). The Flood Safety Plan is integrated with the Yuba County emergency plan and uses portions of the County emergency plan. In addition to the hard copies, an electronic copy of the document will be provided by email to you and the people below.

Please feel free to contact me at any time at (530) 749-5679 or [PBrunner@co.yuba.ca.us](mailto:PBrunner@co.yuba.ca.us); or Larry Dacus (TRLIA Design Manager) of MBK Engineers at (916) 437-7515 or [dacus@mbkengineers.com](mailto:dacus@mbkengineers.com) with any questions with respect to the submitted Safety Plan.

Sincerely,

Paul G. Brunner, P.E.  
Executive Director  
Three Rivers Levee Improvement Authority

Attachment: Flood Safety Plan for EIP Feather (Agreements No. 4600008049), and UYLIP (Agreement No. 4600008654), dated June 2013 – 2 copies
