Re: TRLIA Feather River Levee Improvement Project 40th Quarterly Work Plan (QWP), Dated February 16, 2018 and Funding Agreement Extension Request

Dear Mr. Bremerman:

Attached is the TRLIA 40th QWP covering the time period January through March 2018. The electronic version of this document is posted on the TRLIA FTP site. No additional advance funding is requested with this QWP.

Per DWR's direction provided on December 23, 2015, because there are no outstanding construction elements and DWR is no longer releasing advances for the FRLIP, analysis of projected costs have been excluded from this Report. In addition, Section 5 of this report has been reduced to reflect fact that there is no longer a need to provide a request for advances.

At the present rate of land transfer, the transfer of properties and the close out of the agreement will occur by the current agreement end date of June 30, 2018. To accomplish these tasks the request the funding agreement be extended to June 30, 2019.

Please feel free to contact me, if you have questions or comments. My phone numbers are: 530-749-5679 (office), and 916-765-4981 (cell).

Sincerely,

Paul G. Brunner, P.E.
Executive Director
