Project Title: Addendum 1 to Yuba Goldfields 100-Year Flood Protection Project

Project Applicant: Three Rivers Levee Improvement Authority (TRLIA)

Project Location (include county): Yuba County

Project Description:

TRLIA is proposing to approve construction of facilities in the Yuba Goldfields required to provide 100-year flood protection to the Reclamation District 784 service area. The proposed project would involve constructing a continuous 2.1-mile-long embankment and additional embankment at Crossing 21 within the Goldfields designed to intercept and block breach flows, holding them long enough to allow flood peaks to pass. The blocked flows would then return to the Yuba River or percolate into underlying groundwater aquifers. The embankment would be built using the Goldfields' existing dredge tailings.
