

Feather River Setback Area:

- **Flood Safe Environmental Stewardship and Statewide Resources Office (FESSRO) Project**
- **Flood Corridor Project**

May 7, 2013

Flood Safe Environmental Stewardship and Statewide Resources Office (FESSRO) Project

- Name: TRLIA Feather River Floodway Corridor Restoration Project
- Purpose: Advance Mitigation Habitat for the Central Valley Flood Protection Plan
- Size: 500 Acres
 - 200 Acres Perennial Grasslands
 - 300 Acres Mixed Riparian Forest, Riparian Scrub, and Valley Oak
- 130 Acres supports SBFCA (Swainson Hawk)
- Conditionally Approved: \$4,440,000
 - No additional TRLIA local funds
 - Proposed to combine existing Bear River Setback and Feather River Setback trust/endowment funds to manage all three sites.
 - SBFCA may need to contribute local funds for endowment
- Schedule: Proposed begin construction 2015

DWR Flood Corridor Project

- Name: Three Rivers Flood Corridor Project
- Enhance Feather River Flood Corridor O&M
- Size: 980 Acres
 - 440 Acres native seasonal habitat (Riparian and Aquatic) (Phase 1 & 2)
 - Approximately 500 Acres existing orchards remain (Phase 1)
 - Approximately 40 Acres for recreational (Phase 1)
- Proposed Cost:
 - Phase 1: \$4,760,000
 - \$900,000 for Recreation
 - Phase 2: \$16,400,000
 - No additional local funds are proposed to be used beyond existing investments in setback area
- Schedule: Phase 1 begin construction 2015/16; Phase 2 TBD
